Alamo as a Text—Chief Executive Pays a Tribute to the Mothers.

(BY DIRECT WIRE TO THE TIMES.)

SAN ANTONIO (Tex.) April 7. [Exclusive Dispatch.] One of the most significant political features of the decade occurred last night at Hotel Menger, where a hundred Texan business men, mostly all Democrats, repeatedly cheered the utterances of President Roosevelt as he frankly told his aspirations toward the unification of the nation on the great questions of national policy without reference to locality or party.

There were to have been two speeches at the banquet, but the first was broken to admit of the presentation of a handsome pair of silver spurs, with golden rowels. The presentation speech was made by N. B. Washer, a local merchant, who proved to be an orator of rare caliber. He declared that the people of Texas now were with the President in his policies, and averred that Theodore Roosevelt had become more than a middling good Democrat. The President had won his spurs in many capacities, but the spurs he had won in military renown most fitted

C. W. Odgen, a local lawyer, then proposed the health of the President. He declared: "Texas is with you. Your efforts to maintain the peace and dignity of the Nation." He manifested that the people of Texas failed to properly indicate this fact, but it had been apparent from the enthusiasm exhibited that all the people of Texas voted for the President. He closed with a chunk of supposedly original verse:

"We bow not the neck, we bend not the knee, but our hearts, M. President, are ever with thee."

The President was plainly affected most deeply by the gift, the address and by the wild enthusiasm that it evoked. He had been given a surprise, and his countenance showed the deepest emotion when he arose to reply. He told that the days he had passed in Texas had been days of unaltered pleasure. It was true that the Texans had marvelously well demonstrated in expression of their regard for him, but at the same time, as at the last, and yet it is an awful thing to contemplate, that his appointment for President started in the town of San Antonio. It began when he arrived to aid in the organization of the Rough Riders. He considered that the candidate must of necessity

be the candidate of the party, but the President should be President of the whole people. With emphasis he declared: "I would be ashamed to look my auditors in the face if I could be supposed that I favored the North more than the South."

He considered the greater economic question of the day as questions beyond party or section, and believed that all could join in anything that led toward the right.

A large part of the President's day was spent with the Rough Riders. A mounted troop of sixty-six of his former command, khaki-clad, formed his immediate escort from Fort Sam Houston to the Plaza, where he spoke

within a stone's throw of the historic Alamo, and then led the way through the dust of the newly-named Rooseveltvelt avenue to the Rough Rider Casino four miles distant. The President and party, with Generals Young and Sumner, took luncheon in the mess hall. Then there was a season of intimate story-telling from which reporters were expressly barred. A dozen photographers were favored with a grouping of the Rough Riders with their former colonel in the center, and then the Presidential party returned to town to prepare for the evening banquet.

SAN ANTONIO (Tex.) April 1.—With San Antonio richly decorated with patriotic emblems, flags of sizes and likenesses of the President and the streets filled with cheering throngs of people, Theodore Roosevelt today could not mistake the hearty welcome accorded him.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Delegates to Pomona.

At a meeting of Central Women's Christian Temperance Union yesterday, eleven delegates were elected to the county convention, which will meet in Pomona on April 19, 20 and 21.

Murphy Meeting.

Charles Murphy will preside at the Murphy temperance meeting in Blanchard Hall on Sunday evening. "The Mercy of God," will be the topic of Mr. Murphy, and short addresses will also be made by Frank Pratt and Lamar Harris. Songs will be sung by little Annie Roy and W. C. Taylor.

Verdict of Suicide.

"Mary White came to her death by her own hand." At the inquest held yesterday a coroner's jury returned this verdict in the case of the strange young woman who crawled under the house of her aunt at No. 1129 East Pico street to die after having swallowed enough carbolic acid to kill several people.

Fumigating Blaze.

While fumigating in the Salvation Army shelter at No. 101 San Pedro street yesterday shortly after noon, an incipient blaze was started in one of the rooms, and after being smothered out the shelter. The fire was extinguished by a chemical crew. The damage will approximate \$100.

Paralel Lecture.

An interesting lecture was given by Mrs. Raymond Brown last evening at Blanchard Hall on "Paralel," illustrated with musical accompaniment. The Wagnerian music-drama, Mrs. Brown first took up the prelude, then passed sequentially through the various themes and scenes of acts one, two and three, making of the whole a connected story. The audience was small, but appreciative.

Lived Nearly a Century.

News came from Luzerne county, Pennsylvania, of the death at the family home near Wilkesbarre, of the aged father, John S. McGowan, of the Times' editorial staff. Had the venerable man lived until next November he would have been aged 100 years. Until a year ago he had been remarkably well and strong. Death occurred on the night of March 20, and the Los Angeles and other members of the family were at the bedside.

Heavy Investments.

Charles R. Blaney, one of the directors of the First National Bank of Chicago, has purchased of Charles M. Roe and associates, through the agency of R. A. Rowan & Co., \$140,000 of the four-story brick business building at Nos. 331-335 South Broadway, considering it a valuable investment. Dr. West Hughes has secured of Frank Taylor, through O. A. Vickrey & Co., 100,000 feet, on the northwest corner of Hill and Ninth streets, with a two-story frame apartment building containing sixteen five-room flats; consideration, \$100,000.

Salt Suit Transferred.

The suit of the New Liverpool Salt Company against the California Development Company, to recover damages claimed to have been inflicted upon the plaintiff by the irrigation system of the defendant, was yesterday filed in the United States Circuit Court, having been removed from the Superior Court of Riverside county. The allegation is that the water diverted from the Colorado River, after having been used for irrigation, finds its way to the Salton River, which is 20 feet below the level of the sea, thus destroying the business of the salt company by filling the sink with fresh water. The whole story has previously been told in The Times.

Polytechnic High Classed.

A very charming class reception was given last evening at the home of Miss Louise Turley, No. 1214 East Twenty-first street, to the summer class of Polytechnic High School. The decorations were in the class colors of Nile green and white, callas and sinlax. The evening was spent in social games, music and dancing. Light refreshments were served. Those present were Prof. J. H. Francis and wife, C. M. Weber and wife, W. A. Ellis and wife, C. E. Locke and wife and daughter, Prof. R. H. Donnell and Miss Julia Wagner of the faculty; Misses Carlie Loftus, Clara West, May Staughter, Bonnie Ryker, Adelaide Wilson, Gertrude Grant and Louise Turley, and Misses M. H. M. Boswell, George R. Coffman, M. R. Bingham, H. L. Garren, E. J. McCulley, Frank G. O'Connell, and members of the graduating class.

Amateur Players.

The Fellowship Dramatic Society made its second appearance in Masonic Hall last evening, presenting the farce in two acts, entitled "When Greek Meets Greek." The production was well staged and showed thorough preparation by all members of the company. The situations created by the tall, sedate Mrs. Schofield with her short, lithe husband, Frank, in their country home, as portrayed by Miss Mabel Fix and Rodney Stokes, were very amusing. The climax was reached when Etta Wilmington, the character which was cleverly played by Miss Lucy Chase, ended her happy experience of an expert flirt by really falling in love with Tom Akland. This last character was well presented by Henry Mills, who deserves much credit for the stage direction of the performance. The work of J. E. Wallace, cartoonist, received much commendation. The evening's pleasure closed with dance.

[SPECIAL CORRESPONDENCE OF THE TIMES.]
VENTURA, April 7.—The long-fought county physician fight was ended yesterday before the Board of Supervisors by the election of Dr. F. H. Hening.

The successful candidate will succeed the incumbent, Dr. Love, on May 1. This fight has been a bitterly contested one for more than two years, and was carried into the last political campaign with such vigor that all other issues on Supervisors' candidates were lost to sight.

The Foothills Hotel at Nordhoff has given up the idea of securing a license to sell liquor to tourist guests. The Foothills has been trying for a long time to secure this privilege, and the question has torn the Ojai Valley into shreds socially, as the people there are strong on prohibition. The petition which had been before the Supervisors for several months, was withdrawn yesterday.

Judge Blackstock has secured from the Governor his appointment as State Bank Commissioner, and it is stated will remove with his family to Los Angeles.

tacle the atmosphere of Madison Square Garden.
The kings of equine aristocracy paraded in their glory on the opening afternoon, regal in trappings, faultless in appearance and in carriage, but there was something lacking. The officials knew it; many a regret was expressed at the disappointing attendance. The show was there, but the people were not.

On the whole, yesterday was Cravens' Day. The opening afternoon resulted in almost a clean sweep for L. V. Harkness, the Pasadena multi-millionaire whose horses are his hobby. Mr. Cravens had a splendid opportunity to prove himself a good loser on that occasion and profited fully by it, but yesterday his turn came, and the honors with it.

After feeling from her bed at dead of night, the frightened lady waited with doors barricaded to resist the attacks of the crazed young lady, waited in terror each moment not knowing what to expect, until with the first streak of dawn she saw beneath her window, a woman, destitute of clothing, crouched shivering with the cold and almost numb with misery.

and she was sitting up in bed. I told her what I had seen and we could then hear the glass being smashed and finally heard the window give way, and by the soft footfalls we knew the woman had entered the house.
What the purpose of the woman was and why she had entered the house we had no means of finding out and we waited in terror as we heard the footsteps approaching the bedroom door which we had locked and barricaded. The woman reached the door and immediately began battering upon it. We called for help but no help was near.

Nobody saw the woman when she shot herself, but many neighbors heard the pop of the little gun. C. H. Lous and S. K. Reber, whose residences are on either side of the Rich street cottage, ran out and found the suicide lying under the tree. Dr. Pierce and Police Surgeon Quint, who was near the scene, responded in a few moments, but the woman was dead when they examined her.

PUBLIC SERVICE—OFFICIAL NOTINGS.

SUMMARY OF THE DAY.

An element of mystery yesterday entered into the application for the sale of a street railway franchise on Figueroa street. The Huntington companies claim not to build the line, but applicants claim to have some one who will.

Inspectors in the Health Department have reported to the Health Officer the detection of garbage collectors in the act of delivering refuse at a hog pen. The will of Helen Denmore, probated in New York, reached the local courts yesterday. The estate in this county has a valuable and some of the bequests have a national interest.

Ed. McDonald and F. C. Standish, accused of burglary, charge each other, and both are held in jail.

The examination of Barbee Hook, charged with manslaughter, was again postponed in Justice Chambers's court.

PUBLIC ADVERTISING—NEW TODAY.

AT THE CITY HALL.

MAYMEAN AN OUTLAW ROAD.

HUNTINGTON WILL NOT BUILD ON FIGUEROA STREET.

Applicants for franchise claim to have a purchaser who will construct and operate an electric railway—Los Angeles Railway Company Not Building.

Who is the "angel" that has agreed to build an independent electric railway line one Figueroa street?

Applicants for the franchise insist that they have a prospective purchaser and that, if the franchise is offered for sale, the road will be built.

Attorney W. E. Dunn, representing the Huntington electric railway company, yesterday afternoon officially notified members of the Board of Public Works that none of the Huntington lines will buy a franchise over Figueroa street, from Washington street south, where they build the road if the franchise is given to them, nor will they operate or connect with the road if some one else builds it.

"Figueroa street to have an out-law line, or else the application is being a bluff in order to increase the sale of real estate on Figueroa street south of Jefferson street."

These are the questions which the Board of Public Works has taken a week's time to ferret out.

The expected "first battle" before the Public Works Committee yesterday afternoon failed to materialize.

There wasn't a word of argument. Public Works to hear the arguments.

Two members of the committee took to the fall timber early in the week. Boardman and the committee table and told all comers that petitions registered in the board's office, taken up in Council, direct Monday, or held over for a week.

Former Judge Cheney was present to represent the protesting property owners, living on Figueroa street north of Jefferson street. He was armed with a protest, claiming that the Public Works Committee, both sides disband and went home.

Attorney Dunn, however, about the hall seeking every Councilman in sight to explain that none of the Huntington roads has anything to do with the application.

"I have asserted repeatedly," said Mr. Dunn, "that Mr. Huntington is not seeking to build any road under twenty-one-year franchises."

"We have nothing to do with that application. We would not build one line if the franchise were to be given to us. We would not operate the line of some one else, we would build it. We have no desire to see the beauty of Figueroa street."

But this assertion did not dampen the ardor of the protesters. They said that they would insist that the franchise be advertised for sale; that they were willing to put up the cost of a franchise in advance and to guarantee a bid for the franchise.

Just who it is that is seeking to break into the street railway game in Los Angeles remains a mystery. The protesters assert vehemently that it is all a scheme of real estate speculation to sell lots on Figueroa street, away out near the southern city limits.

This, Mr. Calkins and the other real estate men, who are among the applicants, just as vehemently deny.

It is possible that the applicants may divide to build their plans at Monday's meeting of the Council.

BAD FOR CONTRACTOR.

MORE GARBAGE TROUBLES.

It was yesterday rumored in administration circles that the reason why no official report was made last Wednesday before the Board of Health of failure on the part of the garbage contractor to collect and burn waste and refuse was that there was not enough money coming to the contractor to pay his bills.

Two months ago the Health Board took personal supervision of the inspection of garbage. The members have been doing so ever since, and on their own part and have made some interesting discoveries.

In order to get additional proof, the board two weeks ago directed that two of the most reliable deputies in the health department be detailed to do a little secret service. They were well did the deputies cover up their tracks that it was not until last Wednesday that the garbage collectors discovered what was going on.

Since that time there has been a marked increase in the amount of garbage collected and burned. But the old case still stands unaltered.

A. J. Lee, Wednesday night's meeting of the Health Board, Dr. Powers submitted at the executive session a partial report of the work done by the inspectors.

This report shows that the amount of garbage burned for ten consecutive days was less than four tons daily. During all that time fires were lighted in but one furnace in the crematory.

Records of other cities of the size of Los Angeles show that in each of them, on an average, eighty tons of garbage is collected and disposed of daily.

Under the terms of the garbage contract, the contractor obligates himself to pay a fine of \$5 a load for each load of garbage which he fails to incinerate.

It is asserted that the inspectors found enough violations in ten days to eat up in fines the entire sum due the contractor for a month's collection.

AT THE COURTHOUSE.

MRS. MAYBRICK MISSES LEGACY.

HELEN DENMORE LEAVES FORTUNE IN THIS COUNTRY.

Remember Washington's School at Tuskegee, and Also the Work Begun by Lady Cook, Nea Victoria Woodhull, in London, Eng.

If Mrs. Florence Maybrick had not been released from an English prison she would have benefited by the will of the late Mrs. Helen Denmore, who died at Brooklyn, N. Y., in November of last year, and whose will was offered for probate in this county yesterday.

Mrs. Denmore provided in her will that her executors should pay \$200,000 during the lives of the Baronsse de Roques and her daughter, Mrs. Florence Maybrick, during the term of the latter's imprisonment, and for one year after. The amount was too small to make it worth while wishing to remain in prison.

When Mrs. Denmore died she was a very wealthy woman, leaving real estate at Long Beach and vicinity valued at \$350,000, and also personal property consisting in a share of the E. & H. Denmore partnership, which is valued at only a nominal amount.

The firm has its headquarters in New York. Petition for probate is asked by Charles G. Palmer, one of the executors, the other, Emma Denmore, husband of the deceased, not having qualified as an executor. To Painter enough money is left to make his salary as manager of the Garfield Tea Company \$5000 a year, he also to receive half of the profits and also carry on the work of the organization started by Lady Cook, who as one of the Claffin sisters began her public career in this country long years ago by wearing bloomers and agitating through a small paper she and her sister started many very radical social reforms.

After the various legacies and trust funds have been paid and established, Mrs. Denmore provided that the residue of her estate is to go to her children, the late Mrs. Denmore's will is to be divided into two parts. One share is to be made over absolutely to the son, and the other half is to be made over to the Tuskegee Normal and Industrial School at Tuskegee, Ala.

LEFT TO CHARITY.

MRS. OSTERMANN'S FORTUNE.

The late Mrs. May Ostermann, who died on March 22, at the age of 74 years, left an estate valued at about \$100,000, and a certain portion is given to the Roman Catholic Church, to which she belonged, and the various Catholic charities, in which she took interest.

To the Rev. Patrick Harnet, chancellor of the diocese, is bequeathed \$2000; to the rectory of St. Vincent churches \$200 for masses to be said; to the Los Angeles Orphan Asylum, \$100; the Mercy Home, \$50; the Ladies of Charity of St. Vincent de Paul, \$50; and the Associated Charities, \$50.

Petition for probate has been filed by Mrs. Rosanna Forthmann, one of the executors under the will, the other being Annie M. Forthmann and the Rev. Patrick Harnet.

The deceased left a number of shares in the Los Angeles Soap Company and this stock is divided among the relatives of the deceased. To the daughter, R. Rosanna, is left 50 shares and value; to the son, John, 25 shares; to Olive streets. To the grand-daughter, Annie, is left property at Ninth and Claffin streets. A trust is to be established, the funds from which are to be devoted to the education of a grandson, John Albert Forthmann, until he is 25 years of age. The property then to revert to him. A similar trust is to be established for the care and education of the son, John, until he is 25 years of age, and the property in her case also will then revert to her.

Ten shares of stock and a note for \$5000, due five years after date, made by Horace C. Forthmann, and the largest share of the estate, a ranch area to be held in trust for his maintenance until the maturity of the debt. If the executor should die, the estate is to be canceled, the mortgage released, and a transfer made to him; failing that, the estate is to hold good for four years longer.

FARNSWORTH ESTATE.

LOCAL CHARITIES BENEFIT.

The last will of the late Ruth J. Farnsworth, who died April 3 at her home, No. 645 South Flower street, has been offered for probate by A. E. Pomeroi, one of the executors named. The estate is valued at about \$40,000, and the following bequests are made to local organizations:

Home Missionary Society of the M. E. Church, \$500, for hospital purposes in this city; Los Angeles Orphan's Home, \$1000; University of Southern California, \$1000; and to A. E. Pomeroi, \$2000.

Mrs. Farnsworth divided her property between her step-daughters, Mrs. Nea Latta, to whom is left the home place and furniture, and Eliza Owen, Monterey, who is her brother and sister, the residue to be divided between Mrs. Latta and Mr. Pomeroi.

MUR ESTATE.

ONE CHILD INHERITS.

The final account in the estate of the late John Mur, so long connected with the Southern Pacific Railway and later with the Huntington forces in building up the electric railway system in the city, was passed and allowed yesterday and distribution ordered. In cash and real property it amounted to \$55,346.17, but less the disbursements

and expenses, netted \$21,455.77, of which amount \$7735.75 is cash. The estate was left in trust to J. D. Rickle for the purpose of the payment of all debts, and then turning the residue of the estate, "absolutely and unconditionally," to the widow.

The widow, Mrs. Rebecca Sepulveda—resides at Long Beach, and the sons are scattered. Samuel A. Mur is in Whittier, and David W. is in this city, as are also Austin and Gerard. John C. is at Coyote, and six-year-old Frank is with his mother at Pasadena. He was again brought before Judge Allen yesterday, and received his quietus.

PASTOR BUSHELL WINS.

FRIENDSHIP CHURCH CASE.

The suit of Henry Griffin et al. against the pastor and officers of the Friendship Baptist colored church at Pasadena was again brought before Judge Allen yesterday, and received its quietus.

Attorney Blair had again got things pretty well mixed up, and when objection was taken to his having filed affidavits in excess of the required number and tending to raise new matter, he grumbled that a week ago the other side complained that there were not affidavits enough, and now they are complaining that he has too many.

The court, however, held that the complaint did not raise a cause of action, and that ruling defeated the latest attempt to oust Pastor Bushell.

HUSBAND MISSED FIRE.

JUDGE TURNED HIM DOWN.

D. V. Williams is somewhat of a farmer, living at Westminster, and he was before Judge Allen asking for divorce from Lela Williams.

The parties have two children, the youngest six years of age, but Williams told the court that he and his wife had lived together only three years, and in May, 1923, she deserted him altogether.

It appeared that after the first child was born Mrs. Williams went insane and treated him while under a doctor's care. She was detained there for several years and when released she lived with her parents for a year and afterwards went out to work. Then, the husband stated, his wife wanted to come back to him and he took her to the home of his mother where she remained for two weeks and then left.

That story in outline appeared to bear hard upon the wife, and the court drew out the fact that Williams never hurt himself by making too frequent visits to his wife while she was in the hospital; took no steps to provide for her support after she was released; and he did get ready to take her he escorted her to the home of his mother and left her there, while he returned to his home, where he worked as a carpenter.

Judge Allen told the plaintiff that he would have to make a much stronger case before he would get a divorce, but upon the solicitation of counsel the matter was carried over to allow the husband to dig up some more facts regarding his abandonment by his wife.

HONORS ARE NOW EVEN.

Yesterday a jury was empaneled to try Irving Long's partner of "Bull" Williams, the famous prizefighter, at Sixth and Main streets.

The testimony closed and arguments were all in by 4 o'clock and Judge Smith gave the case to the jury. Inside of an hour, a return was made with a verdict of guilty.

The facts were identical and most of the testimony was along the same line as that taken in the case of the previous, when Williams' trial resulted in a disagreement, but the two trials took a different turn. Williams, Long has been convicted, Williams is to be tried again, and the third of the trio of thugs will be brought to trial next week.

COURTHOUSE NOTES.

BREVITY MISCELLANEOUS.

HILLEGAS DIVORCE. May J. Hillegas was granted a divorce from E. E. Hillegas by Judge Conroy yesterday, on the grounds of cruelty and failure to provide. The parties were married in November, 1928, and have one child.

The husband drank and on several occasions abused his wife while they were living at Long Beach. Once he became angry with her she locked her up in a tamale wagon standing close to the house, after abusing her, and eventually he left home and went to Honolulu.

THE INFERIOR COURTS. THEY ACCUSE EACH OTHER.

THE ALLEGED BURGLARS TRY TO SHIFT THE BLAME.

Two Waiters Held in City Jail are Charged With Having Systematically Robbed Roomers in an East Second-street Lodging-house—Arraigned in Court.

Five roomers in the Capitol lodging-house, No. 24 East Second street, were burglarized several days ago and loot in the shape of clothing worth several hundred dollars was secured by the thieves.

Ed McDonald says F. C. Standish is the burglar who comes right back and says McDonald is the thief. Both men are waiters and they are locked in the city jail charged with burglary.

They were arrested yesterday by Detectives Steele and Craig and Patrolman Lennon. That the men are expert room-workers, the officers are fully convinced, for a number of suits of clothes, a watch and a pair of shoes were found in their possession.

McDonald and Standish were arraigned before Justice Rose yesterday afternoon on charges of burglary. Their examinations were set for April 12 at 10 o'clock.

The arresting officers declare that the two accused men are guilty of many small jobs of burglary in the Capitol and vicinity, which will connect them with these jobs is being carefully looked up.

PAID FOR FUN.

BOY TALKED TOO MUCH.

Millard Bechtel, a youth who got ugly at the Hot Sulphur bath-house near Eastlake Park Wednesday night and tried to clean out the establishment, was fined \$10 in the Police Court yesterday for disturbing the peace.

Bechtel is the man who claims that Special Policeman Wilson beat him with the head with a revolver and maltreated him while under arrest. Wilson claimed that he struck Bechtel with a billy and then only when Bechtel became obstreperous.

M. J. Nugent, a mining man, while en route to the Police Station. It appears that Bechtel violated some of the rules of the bath establishment and he was thrown out. Then the boys indulged in language that would not look well in print.

Bechtel's father says he will prefer charges against Wilson with the Police Commission, as he believes his son was treated with brutality at the hands of the policeman.

GROWD THERE.

INTEREST IN HOOK CASE.

Barbee Hook, the wealthy young autoist charged with the death of Miss Margaret Birtwistle, did not face a preliminary examination before Justice Austin yesterday, because the attorney in the case was not ready to proceed.

A crowd gathered in Justice Chambers' courtroom, eager to hear the matter carried over to another preliminary examination. The hearing was continued until Wednesday at 3 o'clock.

JOHNSON HELD.

George Johnson, charged with the theft of a bicycle, was held to answer by Justice Rose. Bail was fixed at \$1500.

PLANT WRECKED BY EXPLOSION.

UNION ICE COMPANY DAMAGED BY FIRE AND GAS.

Mark Hazel, an Employee, Was Severely Burned—Damage to Plant Will Approximate \$50,000—Explosion Occurred While Oil Was Being Unloaded.

By the explosion of a quantity of gas generated while a car of high-grade fuel was being unloaded at 4:30 o'clock yesterday morning, the plant of factory No. 3 of the Union Ice Company, on Alameda between Second and Third streets, was completely wrecked.

When the explosion occurred, Hazel was the only man in the boiler-room. Upstairs many workmen were busy, but all escaped injury. The fire spread rapidly through the three-story structure and when the department arrived a few moments later, the entire structure was in flames. The fire caused a property loss of approximately \$50,000, which is covered by insurance.

Mark P. Hazel, assistant engineer at the plant, who was unloading the oil, was the only person injured. He was painfully burned about the face, hands and neck. His escape from instant destruction was remarkable for the flames had been subdued, but he was unable to accurately estimate the loss. The storage room, condenser and boiler-rooms were destroyed, though the boilers may be used again. The engine-room was badly damaged by water, but the machinery in it was not seriously injured.

Forty drums of ammonia and about two thousand tons of ice were destroyed. Mr. Bussenius says the company will

rebuild the plant at once. As this is the beginning of the busy season, repairs will be made temporarily if a new condenser can be secured and the company expects to resume business in three weeks.

Hazel was removed to the Emergency and General Hospital where he will probably be confined several weeks. He escaped from the burning building, but he collapsed shortly afterward. Spectators smothered his burning clothing by rolling him in the sand.

PERSONAL.

H. Brown, Jr., a prominent manufacturer of Belfast, Ireland, is a late arrival at the Angelus.

W. D. Curtis, general manager of the Curtis-Newhall Company, is in San Francisco. He will speak at the quarterly meeting of the Pacific Coast Advertising Men's Association in San Jose April 10. His subject will be "The Prune Problem and the Remedy."

Coroner Trout expects to leave next Monday on an extended trip through the South and East. He will visit his old home in Lancaster, Pa. While away he expects to gather statistics from the coroners in New Orleans, Memphis, Philadelphia and other cities in order to compare them with the records in his own office. He will be away about sixty days.

WANTED A GUARDIAN.

A. The conclusion of this feature of
the testimony and before the defense
had an opportunity to cross-examine,
court adjourned until Monday after-
noon at 2 o'clock.

Attorney Chapman asked the court
that the defense be allowed to take the
books of the bank with them to exam-
ine in the meantime.

"We would like to have someone
whom the court trusts sent with us to
act as custodian of these books, to see
that we do not tamper with them in
any way," he said.

"There is no necessity of that," said
Judge Wellborn, smiling with amuse-
ment at the idea of sending a man to
watch J. S. Chapman.

SOUVENIRS FOR CHILDREN will be given only on Second Floor, and every child must have a parent or guardian.

Saturday a Day to Interest Children and Their Parents

Every Spring and Fall we have a children's day, throwing open this great store to the thousands of little tots and larger boys and girls, to see for themselves all the elegant things in wearables which their young minds may desire to possess. Particularly attractive to children are the new wearables shown just before Easter, for there isn't a boy or girl who does not think that he or she deserves a new suit, dress or hat to wear on Easter Sunday; many parents, in fact, pay more attention to supplying the children's wants than those for themselves. Recognizing, also, that Easter Sunday is confirmation day in many of the churches, a confirmation outfit is absolutely essential. Every parent knows our reputation for always having the best goods at the lowest prices, and that we are always ready to make good any mistake in merchandise sold. The children will be home from school Saturday, and you will not have to ask them to come with you on this Easter shopping trip, for we have some inducements to offer that will persuade them of their own accord, as we will give to every child and girl accompanied by parent or guardian, a pretty little Easter favor, chicken, rabbit, duck, or some novelty, all filled with candy. These will be given absolutely free between 3 a.m. and 1 p.m. As an additional offer to the boys, we will give with every suit purchased Saturday, a 25c Rice & Company League Baseball; for the older boys, a mechanical jirinkasha, that is one of the most amusing of the Japanese toys. Now don't disappoint the children; let them come and see the pretty new things anyway; and to you, as parents, there will be no impertuning to buy, for we will trust to your own judgment to consider the values in the merchandise we offer.
